

Protocol #15

Discussion of Leadership Across Organizational Boundaries

Review each of the following six statements about high school change that may affect the way you take on the challenge of leadership. If the statements are true of your school, discuss as a team the leadership initiative that might make a difference in the success of your program plans.

Statements	Leadership initiatives that might help change the system?
1) Our school's mission does not emphasize personalized learning.	
2) Existing systems are designed to batch-process large groups.	
3) Our curriculum consists of course requirements.	
4) Our faculty specializes in subject area knowledge.	
5) Advising takes place in the Guidance Department.	
6) Our students have learned to receive education passively.
